Saloni Goyal
Full Stack Web Developer

PROFESSIONAL SUMMARY

MERN stack developer, proficient in JavaScript, excels in translating project requirements into scalable web applications. Skilled in creating efficient server-side APIs, optimizing database models, and ensuring seamless integration. Constantly updating skills to align with the latest technologies. Strong problem-solving and communication skills, coupled with a proactive and self-motivated approach.

PROJECTS

1. Nykaa clone | ⊕ | 🕸
HTML | CSS | JavaScript | Git | Responsive Web Design

- Initiated the development of a Nykaa-inspired app, striving to replicate core functionalities for seamless beauty and personal care shopping. Prioritized a visually appealing interface, responsive design, and an extensive product catalog with user-friendly features.
- Implemented secure user authentication, a robust shopping cart, and a seamless checkout with multiple payment options, fostering trust through a comprehensive rating and review system.

2. Mine Wine | ⊕ | 🕸
HTML | CSS | JavaScript | Firebase auth | Git | Responsive Web Design

- Crafted a visually appealing and intuitive UI, enhancing the wine-shopping experience. Implemented responsive design, ensuring accessibility. Developed a showcase with high-quality wines, enabling easy exploration through sorting.
- Integrated a seamless cart system for effortless wine management. Implemented a secure checkout with diverse payment options, displaying detailed wine information, fostering trust.

WORK EXPERIENCE

Gyaananda School, Gurugram
TGT Science, Senior wing Incharge
March 2021- March 2023
Job responsibilities:

- Developed and implemented strategies to foster a positive learning environment. Utilized digital tools, such as virtual labs, simulations, and interactive games, to enhance student learning and engagement. Participated in faculty meetings and committees to discuss and plan curriculum development and other initiatives.

Delhi Public School Ballabhgarh, Faridabad
TGT Science
March 2019- Sept 2020
Job responsibilities:

- Created an online platform for distance learning and remote collaboration, allowing students to continue their education during the pandemic. Led a team of teachers to develop interdisciplinary projects that sharpened students' critical thinking and problem-solving skills.
